

SedonaSetup-Print Invoices

Last Modified on 01/10/2023 10:09 am EST

Below is a list of the setup tables involved in the Invoice Printing process.

- Printer Setup – Defines the default printer that will be used for printing invoices and other types of printed documents.
- Late Fee Rules – Used to maintain the default rules and values to be used in calculating Late Fees on Statements or when selecting the Invoice Statement invoice printing form.
