

User Group Security-Print Invoices

Last Modified on 01/10/2023 10:09 am EST

For a User to be able to print invoices, certain security privileges must be granted to the User through the User Group Security options within SedonaSetup. The following User Group Security options located within Application Access/AR security options section pertain to Invoice Printing.

- Print Invoices – allows the User to print individual invoices from the Customer Explorer or perform bulk invoice printing from the Invoice Print Queue.
