

SedonaSetup - AR - Credit Reason

Last Modified on 01/12/2023 9:27 am EST

□

The Credit Reason allows you to create a list of reasons from which the user may select explaining why a credit memo or a credit request is being generated. You have the option of making the Credit Reason a required field.

To make the Credit Reason required, you must select the option checkbox in SedonaSetup [AR Setup Processing](#) Require Credit Reason on Credit Memos.
