SedonaSetup - OP - Company Edit

The Company Setup form is only accessible if you have logged into the SedonaOffice application using the Administrator user name.

□

Enter the name of your company, address, phone and fax number; the Phone 1 field is your main company phone number and Phone 2 is considered your company fax number. The city, state and zip code is entered in the Address 3 field. Click the Apply button to save the information. If the address or phone numbers of your company changes in the future, you may modify this setup form at any time.
