

SedonaSetup - Payroll - Overview and Topics

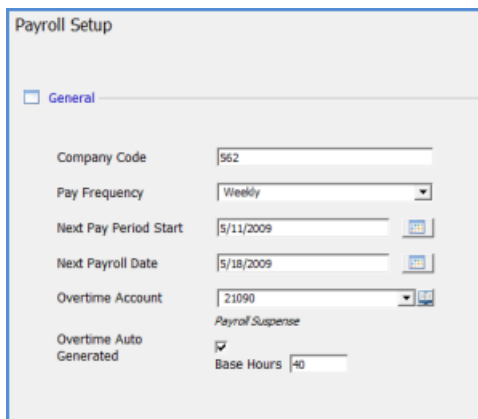

Last Modified on 01/12/2023 2:35 pm EST

There are only two setup options within the Payroll module:

[Payroll Setup](#) - This setup option is only used by SedonaOffice customers using the Payroll interface for ADP.

[Earnings Type](#) - This setup table is used for:

- Companies using the Payroll Interface with ADP.
- Companies manually creating Payroll Timesheet batches.

The screenshot shows the 'Payroll Setup' window with the 'General' tab selected. The fields are as follows:

Field	Value
Company Code	562
Pay Frequency	Weekly
Next Pay Period Start	5/11/2009
Next Payroll Date	5/18/2009
Overtime Account	21090
Overtime Auto Generated	<input checked="" type="checkbox"/>
Base Hours	40

Additional details: The 'Payroll Suspense' label is positioned below the 'Overtime Account' dropdown. The 'Next Pay Period Start' and 'Next Payroll Date' fields include calendar icons for date selection.
