

Rate Increase

Last Modified on 01/18/2023 5:25 pm EST

The Rate Increase Report is designed to print a listing of detailed information of customer recurring lines which are included in a posted Rate Increase Batch.

Once the desired options have been selected on the report options form, click the OK button to display the report in Print Preview mode.

Report Selections

Select Rate Increase to Print - The User must select a Rate Increase Batch from the drop-down list.
