Parts

Menu path: Inventory > Parts

Create new Parts or verify information in existing Parts.

SalesAutomation uses this information from the part setup form:

- Part [Code]
- Labor Units
- Description
- Price
- Available for Sales [must be checked]
- Sales Alt Description [optional]
- Service Alt Description [optional]
- Purchase Cost

The image displays two screenshots of the 'Part Edit' software interface. The left screenshot shows the 'Part Detail' tab, and the right screenshot shows the 'Vendors' tab.
