

# How to access Sedona Office executables- File downloads

Last Modified on 09/12/2024 5:31 pm EDT

When a customer needs to have the most current Sedona Office install executables, they can go to this link below and download their respective executable.

<https://sedonaofficeupdates.s3.us-west-2.amazonaws.com/iisstart.htm>

The screenshot shows a web browser window displaying the Sedona Office Download Center. The browser's address bar shows the URL [sedonaofficeupdates.s3.us-west-2.amazonaws.com/iisstart.htm](https://sedonaofficeupdates.s3.us-west-2.amazonaws.com/iisstart.htm). The page features the Sedona Office logo and the tagline "The #1 Financial Software for Security Companies". Below the logo, the heading "Download Center" is centered. The page lists several categories of updates and installers, each with a list of links to the respective files:
