Inserting Deposit Record into AR_Deposit from backup

To recreate a Deposit record from your backup you can use the script below.

```
SET IDENTITY_INSERT AR_Deposit on

GO

INSERT INTO [dbo].[AR_Deposit]

    (Deposit_Id

        ,[Description]

    ,[Bank_Account_Id]

    ,[Deposit_Date]

    ,[Amount]

    ,[Number_of_Items]

    ,[Reconciled]

    ,[Reconcile_Date]

    ,[Register_Id])

  Select *

    from [BackupTable]

    where deposit_id = [deposit_id]

GO

SET IDENTITY_INSERT AR_Deposit on

GO
```
