

Verify ComData Settings

Last Modified on 09/23/2024 2:39 pm EDT

When ComData gives this message, it is always an issue with credentials. Follow this existing Knowledge Base article to navigate the settings: <https://sedonaoffice.knowledgeowl.com/help/comdata-setup>.

Branch: Corporate, Des Moines, Iowa City, Kansas | Vendor: | As of Due Date: 09/06/2024 | Get Invoices

Check Status | Void Invoices

However, the below screen does not have a Test Connection button. Once you believe the settings are accurate, simply run the integration to see if the credentials issue has been resolved.
