

Service Module – User Display Groups

Last Modified on 09/23/2024 5:42 pm EDT

Customers will sometimes want to group their technicians in the Service module. The Service module has a feature to group with instructions below.

1. Click on icon 1, this will open the Display Group.
2. You can create a Display Group in this module, by clicking on the Code and entering whatever Group name you want and any Description.
3. Once Group name is selected, you can highlight the Display group and add or remove any technician- Grouping.

The screenshot shows the SedonaSchedule 6.2.0.16 - Sedona Security interface. A 'Display Group' window is open, showing a list of display groups with columns for 'Display Group' and 'Description'. The 'Miguel test' group is selected. Below the list is an 'Edit' section with fields for 'Code' and 'Description'. A table below that allows grouping by column, with columns for 'In Group', 'Sequence', 'Code', 'Name', 'Service Co', 'Install Co', 'Expertise', 'Text', and 'Routes'. The 'Miguel test' group is highlighted in the table. A red box highlights the 'Display Group' window, and a red arrow points to a button labeled '1' in the top right corner of the window.
