

Resetting Your Password (for users of SedonaWeb 2.0)

Last Modified on 03/21/2025 4:31 pm EDT

For Users who have previously logged into the New Portal (SedonaWeb 2.0)

1. Click the **Forgot your password?**

The screenshot shows the AWS login interface. On the left, under the heading "Log in", there is a section titled "Use a local account to log in." containing input fields for "UserName" and "Password", a "Remember me?" checkbox, a "Log in" button, and two links: "Register as a new Customer?" and "Forgot your password?". The "Forgot your password?" link is highlighted with a red rectangular box. On the right, under the heading "Welcome AWS", there is a paragraph of text: "If you have not visited this site before then you need to create a new account. Please click on the link labeled 'Register as a new user' If you have created a new account then please login with your credentials."

2. Enter your **email address**. Click **Submit**.

3. A **password reset email** will be sent to the provided email address.
 - *Note:* This option only works if you have successfully logged into the new portal at least once before.
