

# SedonaOffice Release Notes

November 2024

Version 6.2.0.18 Rev 2

**SedonaOffice**<sup>®</sup>

## **Application Corrections**

### **Master Accounts: Adding new master and getting 91 object variable or with block variable not set error message [00123832]**

We fixed an issue that was preventing users from creating master accounts. Now users can add master accounts as expected.

### **Cannot create a vendor bill from an open purchase order - Error - 91 object variable or with block variable not set [00123656]**

We resolved the issue causing an error when users tried to create a vendor bill from an open purchase order. Now users can create vendor bills from open purchase orders as expected.
